MADD NIGHT
The school has been buzzing with excitement and anticipation as students prepare their performance items for MADD (Music, Art, Drama, Dance & Design) Night on Thursday 27th of August. Mrs Woolley and her team are once again doing a fabulous job and we are all looking forward to seeing our talented students on stage. Tickets have been selling fast, so get in quickly to ensure that you don’t miss this fantastic evening!

Subject Selection
Students in both Year 8 and Year 10 have now chosen their subjects for 2016 and we have begun the process of putting the subjects on lines with the aim of providing as many students as possible with their subject choices. This is a complicated process and, inevitably, there will be clashes where some students are unable to proceed with all of their initial choices. We will communicate regularly with such students and work with them to provide a curriculum pattern that best meets their needs.

Year 6 Taster Lessons
We were very pleased last week to meet those students from our local primary schools who will be moving into Year 7 at Crookwell High School next year. I would like to thank Miss Waite (Japanese), Mrs Clements (Science), Mr Gribben (Science) and Mrs Bramley (HSIE) for the stimulating lessons that they provided to students. Year 6 will return next Wednesday (26th August) for another taste of high school.

Brian Hudson
Principal

PARENTS VISITING SCHOOL
A reminder to parents about the protocols that we have in place when visiting the school. As you would appreciate, these protocols have been developed to ensure the safety and well-being of all our students. Also, like all workplaces, we have to comply with Workplace Health & Safety guidelines and procedures. I ask that:
1. All parents and visitors report to the front office on entering the school.
2. If you wish to see a member of staff about an issue related to your child, please make an appointment at a mutually convenient time with that staff member.
3. In order to minimise disruption to classes, if you need to see your child during the school day the best time to do this is at recess (10.55am) or lunch (1.15-1.55pm).

MATHEMATICS HELP
Come along to Maths Help with Mrs Dark next Monday lunchtime, Room 8.

YEAR 12 STUDY SESSIONS
Last week Year 12 study afternoons began in the library with Mathematics and Industrial Arts. Students were able to get extra feedback about their recent trial exam, as well as more questions about areas that they wish to clarify. These sessions are held from 3:30pm – 5:00pm on Thursday afternoons.

August 20  Biology, Chemistry & Senior Science & Hospitality
August 27  MADD Night (no study night)
September 3  HSIE & PDHPE
September 10  English, Visual Arts & Music

Please remind your Year 12 student to sign up for these sessions in the study room each week.

Espresso Machine for Sale by tender

A bench top, single group, manual, La Scala Butterfly, espresso machine is for sale. Single and double group handles with baskets and blind filter. Antique brown colour with stainless steel operational parts, it was purchased in 2010 and used for 3 years by senior hospitality classes as a training tool. Inspect by appointment only.

Tenders should be submitted to the school office in a sealed envelope by August 28, 2015, clearly marked ‘Tender Coffee Machine’. Highest or any tender not necessarily accepted. The successful tender will be contacted by the school and the machine must be picked up prior to September 18, 2015.

Tracey Marks - Hospitality Teacher

Maths News

The Mathematics faculty has had an exciting start to Term 3! Our ‘In School Numeracy Improvement Program’ (ISNIP), targeting students who require extra help with their numeracy skills, has begun and takes place during RAGE each day. The Mathematics Competition was held on Thursday 30th July, with 19 students from years 7-12 taking part.

The Maths faculty also participated in the Amazing Race, with a ‘Maths Olympics’ activity that students participated in.

The faculty has also recently purchased three iPads, for use in the classroom. These will be used in whole class activities, by connecting to our Smartboards, and also by individual students to either consolidate or further their learning. We look forward to integrating this technology into our lessons!

With Term 3 well underway, there are assessment tasks coming up for Stage 4 and Stage 5 students. Students have been given notices, giving details of the assessment. Students are reminded they must provide their own equipment, including a scientific calculator, for these tasks. Please note the following dates:

Year 7: Wed 19th August
Year 8: Mon 17th August
Year 9: Thur 20th August
Year 10: Wed 19th August
